consenting adults. Of course, it's important to approach this topic with nuance. It's totally fine to be uncomfortable with certain things, but it's a different story when people are harassing others over things that may have been "gross" but were ultimately harmless when practiced among consenting adults. I even started to realize that I don't want to be on internet copany more. I wanna be a **FREAK**!

Proshippers led to me judging other kinks and those who enjoyed them due to said kinks being deemed "problematic" ABDL, DDG, age-play, CNC, lolishe, etc. Hatred surrounding said kinks initially led me to believe that those who practiced or liked them were also predatory, despite them being consenting adults interacting with other more.

I used to be an **ANTI** but then I **GREW UP!**

I used to hate Proshippers because everyone hated them. Proshippers were deemed to be creeps. Delusional. Fetishists. Pedos. Freaks! And God forbid you were a freak! But then, as I grew older and got real problems to worry about, I started to not only rethink how much I prioritized liking fiction the "right" way, but also realized a lot of the "normal" people were assholes.

Be yourself!! (Cringe culture is dead!!!)
Be cringe.

Don't you **DARE** make those dolls kiss like that!

Errm, this makes me uncomfy

(PEDO!) **EEWWWW**

Send gore to these freaks!
